

Thirtiyninth Cambridge Ophthalmological Symposium

The Chorioretinal Vasculature

3rd and 4th September, 2009

Chairman: Professor Neil Bressler

XXXVIV CAMBRIDGE OPHTHALMOLOGICAL SYMPOSIUM

2009

3rd and 4th September

WEDNESDAY 2nd SEPTEMBER

19.00 Wine Reception in the Fisher Foyer

THURSDAY 3rd SEPTEMBER

08.55 Introduction

Martin Snead
Cambridge

09.00 Angiogenesis in life and disease

David Shima
London

09.30 Retinal angiogenesis

Ray Gariano
Stanford

10.00 Choroidal vascular development

Gerard Litty
Baltimore

10.30 COFFEE

11.00 Pathological changes in AMD

Phil Luthert
London

11.30 Genetic influences on vascular development

Marcus Frutiger
London

12.00 Environmental influences on retinal
vascular disease

Emily Chew
Bethesda

12.30 LUNCH

St. John's College, Cambridge

Academic Organiser: Mr M Snead

14.00 Diabetes: current and future challenges
Colin Dayan
Bristol

12.00 Eales disease: diagnosis and management
Taraprasad Das
Bhubaneswar

14.30 Imaging choriorretinal vascular disease
Srinivas Sadda
Los Angeles

12.30 LUNCH
14.00 Choroidal polypoidal vasculopathy
Lim Tock Han
Singapore

15.00 TEA

15.30 Optimal and future strategies for the management of diabetic macular oedema
Mark Blumenkranz
Stanford

14.30 Retinal angiomatous proliferation
Susan Bressler
Baltimore

16.00 Why do patients still require surgery for the late complications of PDR?
Peter Scantlon
Cheltenham

15.00 TEA
15.30 Neovascular AMD: decision making and optimal management
Simon Harding
Liverpool

16.30 Surgical management of the late complications of PDR
Douglas Newman
Cambridge

16.00 Macular surgery for neovascular disease
Matthew Thomas
St Louis

17.00 Close of Session

20.00 CONFERENCE DINNER ST. JOHN'S COLLEGE

16.30 Future prospects for management of neovascular disease
Neil Bressler
Baltimore

17.00 Close of Meeting

FRIDAY 4th SEPTEMBER

15 minutes discussion time is allocated for each presentation

09.00 Angiogenesis and tumour progression
Ana Schor
Dundee

09.30 Congenital vascular malformations
Heinrich Heimann
Liverpool

10.00 Vasoproliferative tumours
Ian Rennie
Sheffield

10.30 COFFEE

11.00 Is the choroid involved in retinal vasculitis?
John Forrester
Aberdeen

Alcon
Altoned
Bausch & Lomb
Litechnica
Novartis
John Weiss

11.30 Sickle cell retinopathy
Alan Bird
London
