

Thirtyfifth Cambridge Ophthalmological Symposium

THE ORBIT

8th and 9th September, 2005

Chairman: Mr Geoffrey Rose

XXXV CAMBRIDGE
OPHTHALMOLOGICAL SYMPOSIUM

2005

8th and 9th September

WEDNESDAY 7th SEPTEMBER
19.00 Wine Reception in the Fisher Foyer

THURSDAY 8th SEPTEMBER

08.55 Introduction

Martin Snead
Cambridge

09.00 Update on orbital anatomy

Cornelius Rene
Cambridge

09.30 Development and control of orbital growth

Larry Allen
London, Ontario

10.00 New findings in orbital vascular anatomy

Sohan Hayreh
Iowa City

10.30 COFFEE

11.15 Orbital lymphatics: do they exist?

Jane Dickinson
Newcastle upon Tyne

11.45 Anatomy "in vivo":
imaging selection and enhancement
in orbital disease

Nagui Antoun
Cambridge

12.15 Molecular genetics of orbital malformations

Veronica
van Heyningen
Edinburgh

12.45 LUNCH

St. John's College, Cambridge

Academic Organiser: Mr M Snead

14.00	Current management of orbital rhabdomyosarcoma	Judith Kingston London
14.30	Paediatric orbital tumours	Lawrence Kaufman Chicago
15.00	Management of optic nerve meningiomas	Jack Rootman Vancouver
15.30	TEA	
16.15	Orbital exenteration for invasive skin tumours	Anthony Tyers Salisbury
16.45	Evidence-based management of orbital cellulitis and abscess	Jane Olver London
17.15	Close of Session	

20.00 CONFERENCE DINNER IN ST. JOHN'S COLLEGE
